foreword

We have a companion as we look through our HIGHLANDER and reminisce about the good times we have had this year. His name is Sandy MacTavish. Sandy, though a purely mythical character, is as real as any wide-eyed sophomore or sophisticated senior because he is a representative of all of them. He is a star athlete and a mere manager, an A+ student and barely passing, a favorite and just one of the boys. He is all these and more. He is a Highland Park Scot.

we dedicate

This year the seniors have chosen to dedicate their HIGHLANDER to a woman who for the past ten years has been the friend of every student with who she has come in contact. She came to Highland Park in the fall of 1945 to teach English and history. Because of her unselfish and genuine interest in her students she has become one of the most well-liked members of the faculty. It is with greatest affection that we dedicate the 1955 HIGHLANDER to MISS GLADYS SITZ.

ADMINISTRATION

SANDY learned early that the teachers are really good guys.

FRANK MONROE
Superintendent, Highland Park Schools

Last year Highland Park gained a good friend and an able superintendent in the person of Mr. Frank Monroe. Because of his friendly personality and the great interest he took in all our activities, Mr. Monroe has within a year endeared himself to all the students and faculty members of the Highland Park School District.

Mr. Monroe was born in Hood County, Texas. He was graduated from high school at Canyon and entered West Texas State College, where he obtained his Bachelor's degree. While at West Texas State he also played basketball. The year after he was graduated, he began teaching at a school in Friona, Texas and later at Pampa. In the summer of these years he took post-graduate work at the University of Missouri and the Colorado State College of Education, where he gained his Master's degree. Later he studied further at the University of Texas and Columbia University. In 1941 Mr. Monroe went to Midland High School, where he remained for thirteen years as a principal and superintendent before coming to us in 1954.

For more than a quarter of a century Mr. Wiseman has been the capable and understanding principal of Highland Park High School. Much of the credit for Highland Park's high standards and achievements may be attributed to his efforts.

GRADUATES of Highland Park High School carry on a proud tradition. Reasons for both pride and tradition may be found in the community which provides our support and our students. Since 1922 this high school has served the people who make their homes in Highland Park and University Park because they wish to enjoy living in a community of well-educated persons. The United States census figures show, incidentally, that these two small cities are among the top eight best-educated communities in the nation. In a recent school survey the parents of 70 percent of the student body were found to have some college education. The jobs of four out of five of the fathers are professional, managerial, or executive.

Because this community believes in the value of education, the boys and girls of Highland Park School expect to make the most of their studies in high school and beyond. Last year 360 out of 371, 97 percent of the graduating seniors, enrolled in 17 colleges in Texas, 52 in other states. Most of these collegians over the years reflect credit on their school. At Southern Methodist University last spring, for instance, six of the 18 persons elected to Phi Beta Kappa were Highland Park graduates. Success stories from campuses across the nation inspire present Highlanders to work hard and prepare themselves to do a good job too.

Teachers at Highland Park are an experienced group of highly professional people. Three out of four have M.A. degrees.

It is a challenge to this faculty to provide top-notch learning experiences for the students in this school, both in the class room and in the various activities. Because these boys and girls may be expected to become leaders tomorrow as their parents are today, it is of the utmost importance to help each one achieve his very best potential in academic work and in citizenship. That best is very good indeed. And our country these days can be satisfied with nothing less.

The reading accelerator is one of the many devices used in the sophomore English 3 class.

The Lads and Lassies Christmas program is always one of the highlights of the year.

A group of the more talented Scots, Anita Akin, Bill Browning, and Reba Burrow, appeared this year on the radio.

If you are traveling in Mexico, you may come across one of the traffic signs made by these Spanish students.

These objects Marianna Bourland and Fred Ligon are holding may look strange, but they are an important part of the Math 3 course.

Mrs. Bettye Avant did a wonderful job after falling heir to the Bagpipe in the middle of the year.

Mr. Monroe is again bolstering the spirits of the fighting Scots in the pep rally.

The cast is here pictured in a typical scene from STATE FAIR

state fair

This fall semester members of the graduating class pooled their talents to present the senior play, **State Fair.** In the tryouts Robert Blackwell, Charles Otstott, Mary Lane Sensabaugh, and Edith Snoots captured lead parts, and other major roles were taken by Sheila Kaufman, Tommy Bywaters, Kay Hughes, and James Carter. But those who did not get parts put their talents to work in other ways. Success of the play would have been doubtful without cooperation from the backstage crew, but, all working together under the hand of their director, Porter Crow, the January class of '55 put on a fine performance.

The cast takes time out to laugh at one of the humorous scenes.

Sheila and Robert can't seem to say good bye as he leaves for the fair.

The entire cast, chorus, and orchestra of BABES IN TOYLAND assemble for a final bow.

www.www.www.www.babes in toyland

Babes in Toyland, written by Victor Herbert and directed by Miss Flora Lee Pope, was the spring operetta this year. Besides singing, there were many other things which went toward making it a successful performance. Miss Nancy Dial and her retinue of artists provided scenery and props. Miss Helen Moore helped with the dramatics of the show, and the Scot orchestra, under the baton of Mrs. Clay Griffith, gave a fine background for the Lads and Lassies singers. The story, a delightful fantasy, was unfolded as Bill Whitehead, Mary Martha Gibson, Gene Mathews, and Frances Tims took the lead parts. After complicated difficulties, the plot ended leaving both the members of the cast and the audience in happy, high spirits.

The cast as well as the audience are pleased at the happy ending.

"The meeting will please come to order," says David as Martha takes notes and Betty and Bill look on.

As David Fedson pounded the gavel and called the meeting to order, the fifty or sixty students representing their second period classes settled down to the student council business of day. Besides furthering understanding between faculty and student body, the council also participated in all school activities. Sponsorship of two French war orphans, development of school spirit and friendly relations with other schools, dances, sale of football ribbons, participation in school elections, and publication of our student directory, The Clan, are examples of how our student council worked this year.

"He must be a brain" is the general attitude towards a member of the National Honor Society. But actually he must be more than a "brain." Election to NHS is one of the highest honors attainable in Highland Park, and to be eligible one must be outstanding not only in scholarship, but also in leadership, character, and service. Teachers select the membership from nominees from H-11, L-12, and H-12. These members serve as ushers for the senior plays and commencement exercises. NHS also awards an "H" blanket to the boy and girl graduating with the highest number of activity points.

"Have you bought your Hi-Lite membership?"
This question may be heard often around Scot Land at the beginning of each semester. Hi-Lites is a club open to every girl in school who wishes to join, and each new member is provided with a "big sister" to help her "get in the swing" more quickly. This year the club had about 565 members. The Red Cross, Welfare, Publicity, and Friendship Committees had service projects; the Program Committee planned programs for each weekly meeting; and the Social Committee planned parties and a dance each semester.

Is it hopscotch or bunnyhop at the Hi-Lite kiddie dance?

Both Webster and his "buddy" had fun at the Hi-Y

"To create and maintain through the school and community higher standards Christian Character." This is the motto of Hi-Y, and it states clearly the objectives of the club. The organization, open to every boy in school, met each Monday. Programs were planned this year with several aims in mind. Some were educational, some entertaining, and some designed for aiding vocational choice. Once each semester the boys planned and gave dances which were considered as two of the "social events" of the year. Sponsored by the Y.M.C.A., the Hi-Y did welfare work and served as co-sponsor of Religious Emphasis Week last fall.

The aspiring journalists of Highland Park dream of being presented with a gold banner and flaming torch at a lovely candle-lighting services. This would mean that they had been elected to become a member of Quill and Scroll, a national honorary society whose purpose it is to encourage and reward individual achievements on school publications. However, only those who meet certain requirements are eligible for initiation each semester. They must have made outsanding contributions to one of the two publications, the Highlander or the Bagpipe, be at least a junior, and must be in the upper one-third of their class.

Any "would be DaVinci" who desires companionship with others of similar interests is welcome to join the Art Club. The club meeets once a week under sponsorship of Miss Nancy Ella Dial, Highland Park's art teacher, to try their hands at creative art. Their activities being comparatively unlimited, they are free to draw, paint, sketch, or do any type of art work appealing to them. The members are divided into committees which take the responsibilities of publicity, exhibits, and social functions of the club. One of their largest projects is making scenery for all school productions.

Wouldn't you rather be giving a report card than receiving one? Students here at Hi Park decided they would, and are now planning to make teaching their profession. To become better acquainted with the requirements and oportunities of teaching, in the spring of 1954 they organized the Future Teacher's Club, and the following fall it was given its charter. Several times a semester they hold meetings and invite persons eminent in the field of education to speak. Through these speakers they learn more and more about their chosen profession.

Scottish bagpipes are out-dated and out-done by our own Highland Park Orchestra. Musicloving Scots look to this organization for entertainment and inspiration, and this year they found both in the fine performances which these musically inclined clansmen gave. Besides the annual fall concert, they also appeared on television and entertained at the State Fair. This spring they produced a formal concert and provided the musical background for the operetta. Social highlights of the year included a picnic in the fall and the fall and a spring banquet.

The "powers that be" of Lads and Lassies hold a business meeting.

Melodious strains of music issued from the choir room each morning of first period as our bonny Lads and Lassies sang. Were they practicing to sing at a meeting of one of the city's civic or service clubs, were they rehearsing for the spring operetta, or were they preparing an inspirational music assembly for us? Whatever they were planning, they did well, a perfect example of which was "Babes in Toyland," the 1955 operetta. After a season of hard work, they enjoyed their annual Lad and Lassies picnic and the banquet at which new officers were announced.

The cheerleaders were helped a great deal this year by the sponsors, Mr. Crow and Miss Murchison.

"Who are the Scots? We are the Scots." This was the yell that started off each pep rally this year, and it might well be the theme of our cheerleaders, for they represent the entire Scot Clan. On foreign fields they helped promote interschool good will, and at home they played host to every visiting team and student body. They planned pep rallies, decorated goal posts, painted posters, and organized bus caravans; but most important of all they upheld our most valuable tradition . . . Scot Spirit.

A much improved Scot team invaded Dal-Hi Stadium for a clash with the South Oak Cliff Bears. Hi Park dominated first-half play behind fine running by Reynolds and passing by Bowers. Coffee, Novak, Gray, and Singleton played fine defensive ball. In the second half the Bears came back strong to outscore a fighting team 14-7.

Golden Avalanche Rolls Over Tech 42-0

Hi Park celebrated its first home game by breezing past the Crozier Tech Wolves. Reynolds' opening kickoff return for a TD started the Avalanche rolling. Lair, Novak, Sparrow, Gear, and Bowers sparked the offensive play. Stout, Blocker, and Shine were defensive standouts. Carl Mays converted on each occasion to give the Highlanders a 42-0 margin.

Highlanders Prove Power by Outclassing Odessa 14-0

"Don't ever sell the Highland Park Scots short." Combining a bruising ground game, and unusual pass play, and the finest defense a Scot team has ever shown, Hi Park upset powerful Odessa 14-0. Bowers, Novak, Lair, and Gear turned in fine offensive performances. Scot linesmen who battled and tackled the Broncos were Stout, Blocker, Holmes, Coffee, Honeycutt, Howell, Whitehead, Benson, and Gray. Lair received the Dallas News "Back of the Week" award for his fine play.

Hi Park roared to its third consecutive victory by downing a fine Arlington Heights team. The Scots scored their first TD on a long pass from Bowers to Howell. Arlington Heights' fine running game was stopped time and again by Gray, Blocker, Coffee, Thompson, Holmes, Whitehead, Honeycutt, and Stout. Reynolds, Gear, Mays, and Sparrow sparked the 15-12 victory.

Plaidsmen Pull Past Paschal 26-25

The Scots traveled to Ft. Worth where they played one of their most thrilling games. Bowers threw two TD passes to Howell. Gear and Lair led the Scot ground attack. Mays' two conversions gave us a one-point margin and the Highlanders finally outscored the fired-up Panthers 26-25.

Scots Open District Victorious Over Austin 26-6

The Golden Avalanche opened its district 5-AAAA play by smashing Austin. The Scots rolled up 306 yards on the ground to dominate the game completely. Bowers, Novak, Mays, and Gear drew praise for their fine running. The Scots were very much in the district race after their impressive 26-6 district opener win.

Title Hopes Shattered by Waco

Powerful Waco battered Hi Park's title hopes by bruising aside the outweighed and outmanned Scots, 28-0. The Tigers, who eventually became 5-AAAA champs, played one of their best games. Their mighty defense and powerful offense kept the Scots from scoring. The Highlanders kept the never-say-die spirit but finally succumbed before the relentless Waco attack.

Blue and Gold Take Tyler in Thriller 21-20

Hi Park played some of their finest ball after the sports writers said they were through. A last minute pass from Bowers to Singleton set up the score that tied the game. Mays' extra point proved the difference in the final score. Lair, Reynolds, Sparrow, Rubin, and a fine Scot spirit enabled the fighting clansmen to win their second district game.

Coyotes Clip Clansmen 19-0

After a scoreless first half, the Coyotes broke loose for three late rallies to keep their jinx over the Scots intact on Thanksgiving Day. A win over Wichita Falls would have given Highland Park undisputed second place in the district. Holmes, Gray, and Sparrow played a fine all-around game. This ended a fine season, winning six and losing four with a tie for second place in the tough 5-AAAA district.

"Anyone for cards," thinks Mays as Coyotes converge.

Early season victories over Laredo, Abilene, and Seagoville bolstered the hopes of the Highland Park basketball team for a fine 1954-'55 season, but, even though it played its heart out in every game, the team could not come through with a win in the tough district 5-AAAA race.

Although the Scots did not win many games they were a team in which everyone in the school took great pride. Their record was not impressive to the average person—the person who had not seen the Blue and Gold in action—but to anyone who had actually watched them play, only admiration was held for the fighting, courageous ball club.

Brooks Patrick, all-district guard, was the team's top scorer for the year. The Scot attack was also paced by the fiery play of Bill Bowers and Larry Petty, while Tommy Sparrow and Tom Gray gave the Highlanders strength under the backboards.

GIRLS' SPORTS

SANDY was always curious about the tomtom rhythm coming from the girls' gym.

Girls' sports instructors, Miss Jayne Murchison and Miss Gynne Watson.

minimum girls sports minimum minimum girls sports

"All work and no play makes Jack a dull boy." And Jill a dull girl, also. For this reason Highland Park High School has maintained a fine sports department and program for girls. This program includes all types of exercises, sports, and dances which aid in the building of good posture and coordination as well as good sportsmanship and character.

Regular gym classes are held each period of the day in which instruction is given in a variety of sports, including tenniquoits, speedball, and basketball in the fall and volleyball, softball, badmitton and tennis in the spring. After a short instruction period teams are chosen to compete in the different sports for the rest of the time.

Other well known parts of the program are the exercises performed to the rythmic beat of the tomtom and square dancing.

To give the girls an added incentive to win, an all-star team of each gym class is chosen at the end of the playing period of each sport. The all-star team of each gym class plays the other all-star teams until a winner is chosen. At the same time the winning teams of each class are playing among themselves, and the winner of this series plays the all-star team for the final championship.

A separate program is that of the intramural sports. Girls organize teams to play in one of two leagues, Monday-Wednesday or Tuesday-Thursday. In this intramural series six sports are played: tenniquoits, ping-pong, basketball, volleyball, badmitton, and softball. All games are played after school and medals are given to girls who participate in each sport and are absent no more than once. Members of the championship team in each sport are eligible to attend the annual spring luncheon.

MILITARY

SANDY liked nothing better than to be drilled by his company commander in the hot sun.

reserve officers training corps

A military organization develops character and prepares boys to be leaders as well as followers.

The khaki uniforms of the cadets are a familiar sight in the halls on Tuesdays, Wednesdays, and Thursdays. On the first day of this period the cadets have parades and weekly inspection. The rest of the week they practice close-order drill or take instructions on the many phases of the military.

An example of the corps' activities outside of school is the Armed Forces Day parade in which the cadets march. The cadets also usher at football games at the Cotton Bowl as well as those of Highland Park.

The crack platoon and rifle team are open to those cadets who are skilled in drill coordination and marksmanship respectively, and the officers are eligible to become members of the Saber Club.

In order to acquire a more complete military education, cadets from this and other high schools over the city attend Camp Dallas each summer to be instructed while actually in the field.

LOYALTY

IF—you work for a man, in heaven's name work for him; speak well of him and stand by the institution he represents.

REMEMBER—an ounce of loyalty is worth a pound of cleverness.

IF—you must growl, condemn, and eternally find fault, why—
resign your position and when you are on the outside, damn
to your heart's content, but as long as you are a part of the
institution, do not condemn it, if you do, the first high wind
that comes along will blow you away and probably you
will never know why.
